TOP 6 REASONS

to do our custom in-office training:

1. Real World surgical training that will prepare you to place implants with confidence. Most effective after completing a LIVE implant surgical course such as a AIC LIVE patient or International 6-day LIVE patient surgical course.
2. Increase patient treatment options while increasing practice revenue by not having to refer out safe predictable implant cases
3. Learn to tackle Real World complex cases such as multiple implants, advanced grafting, full arch cases, L-PRF, sinus lifts and more.. right in your own office.
3. Your first custom in house case will pay you back on your investment. Our training is priced competitively, can be tax deductible, and you earn AGD/PACE approved CE credit hours.
4. This program maximizes your return on investment, as we assist you to simultaneously train your assistants to become amazing surgical auxiliaries.
5. Once registered , CBCT review, surgical planning, CDT procedural coding , and treatment case presentation assistance is included.
6. Communication post surgery, case management, complication consultation assistance, and prosthetic communication assistance are included.

TESTIMONIALS

"I highly recommend Dr. Lastimado's DYI program to any GP who wants to enhance his/her skills and confidence in the field of implantology. The DYI program gave me confidence to take on more challenging cases in my practice. Dr. Lastimado's DYI program will guide you step-by-step from planning of the case, to surgery, to final implant crown delivery. You will learn the science of bone grafting, site development, suture technique, PRF, GBR, prosthetic options and hands-on etc..Dr. Lastimado is a very kind gentlemen, you can rely on him as a colleague and a living resource of implantology."

- Dinh D Nguyen, DDS- Arlington, TX.

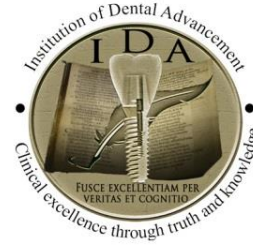

"Hats off to Dr Lastimado for his energy, effort and passion about teaching implantology. He is very knowledgeable and meticulous in all aspects. Had an awesome experience with a vertical sinus lift in live patient surgery. I never thought I would do a sinus lift ... but Dr Lastimado made it possible. I would definitely recommend this to anyone who is wanting to learn about implants."

- Sharmilla Shrestha, DDS -Garland, TX

One-on-One Surgical Implant Training with:

Dr. Marcus Lastimado, DMD, MAGD, MICOI

MASTER ACADEMY OF GENERAL DENTISTRY
MASTER INTERNATIONAL CONGRESS OF ORAL IMPLANTOLOGISTS

Founder and creator of the Institution of Dental Advancement Dr. Lastimado has a passion for teaching and helping clinicians take their clinical skills, practice, and revenue to new heights.
